CONFIDENTIAL

In connection with our recent telephone conversation there is attached a memorandum copy of a claim made to the Organization by Mr. [redacted] in the amount of \$2302.30, claiming reimbursement for travel expenses for the period 7 February 1943 through 4 April 1944, together with a true copy of a letter signed by the Director of the Office of Strategic Services dated 16 December 1942.

The records in the Finance Division of the former Office of Strategic Services do not reveal that any payment was made to Mr. [redacted] covering the period reflected in this claim. However, since most of the foreign accounts at the time of this travel were processed through your office, it will be appreciated if the records there may be examined to determine whether or not Mr. [redacted] received any payment, either in the form of per diem or living and quarters allowance, during the period 7 February 1943 through 4 April 1944.

When the records in your office have been examined it will be appreciated if your findings may be referred to the undersigned at the earliest practicable date, to support the submission of this account to the General Accounting Office for direct settlement. In the event you find that Mr. [redacted] was paid any monies during the period listed, please furnish the type of payment effected, the amount of payment made and the inclusive period of such payment.
